Nail It!

Score a perfect 10 with these helpful extras.

TENOVERTEN REMOVER AND CLEANSER CLOTHS

(\$32 for 10; tenoverten.com) Start with the nonacetone remover wipe to rid tips of polish, follow with the cleanser wipe to clean and nourish. There's no strong scent or need to wash hands after. Swipe on!

TWEEZY

(\$10; amazon.com) Keep your polish bottle on hand (literally) with this rubber holder. Simply slip it over two of your fingers like a double-knuckle ring and pop your bottle in for an easy application every time.

MANIGUARD

(\$10 for 26; maniguard.com) The struggle of painting your nails—not your cuticles—is real. Enter these helpful stickers: Place them on skin at the U of your nails and press down to secure, then polish away. Let dry for a few minutes before removing with tweezers for a flawless mani.
